The Trustees of BEST are responsible for determining and administering the policy relating to the admission of pupils/students within the multi academy trust. It is guided by the requirements of the law and the advice of Central Bedfordshire Local Authority.

If when applying these criteria results, there are more children with an equal right to admission to any particular school than the number of available places, the tie break will be the distance the pupil/student lives from the school, measured in a straight line, using the Local Authority's computerised measuring system, with those living closer to the school receiving the higher priority. The distance will be measured from the address point of the pupil/student's home to the main entrance of the school. Priority will not be given within each criterion to children who meet other criteria.

In the event of (a) two or more children living at the same address point (e.g. children resident in a block of flats) or (b) two addresses measuring the same distance from the school, the ultimate tie-breaker will be random selection, using the School Admissions Team database to allocate the place.

In the event of a place not being available at the parent/pupil's chosen school, a place will be offered at the next nearest BEST school if there are places available.

The Local Authority will only provide free home to school transport for pupil/students who are entitled through their Home to School Transport Policy. A copy of which can be found at www.centralbedfordshire.gov.uk/schooltransport. Stotfold, Arlesey and Astwick will be considered by the Local Authority as dual catchment areas for Etonbury and Samuel Whitbread for years 9-11.

Pupil/students who have a Statement of Special Educational Needs and Disabilities or Education, Health and Care Plan are required to be admitted to the school which is named on the statement, even if the school is full. Pupil/students identified for admission through the Fair Access Protocol will also be admitted even if the school is full.

Definitions:

“Looked after children”

A ‘looked after’ child is a child who is (a) in the care of the local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services functions (see Section 22 (1) of the Children Act 1989).

“Previously ‘looked after children”

A previous ‘looked after’ child is one who immediately after being ‘looked after’ became subject to an adoption, residence, or special guardianship order. An ‘adoption order’ is an order under section 46 of the Adoption and Children Act 2002. A ‘residence order’ is an order settling the arrangements to be made as to the person with whom the child is to live under section 8 of the Children Act 1989 defines a ‘special guardianship order’ as an order appointing one or more individuals to be a child’s special guardian (or special guardians).

“Permanent Staff”

Staff that are employed by BEST on a permanent basis.

The parent must be a permanent member of staff and been employed within BEST for two or more years at the time of application, and/or recruited to fill a vacant post where there is a demonstrable skill shortage.

“Sibling”

A sibling is defined as a brother or sister, half brother or sister, adopted brother or sister, step brother or sister or the child of the parent/carer’s partner, and in every case the child should be living at the same address. The sibling must be in the school at the time of application and be likely to remain in the school at the proposed date of admission.

“Catchment”

Each BEST school has its own catchment, which is defined within the Local Authority. A list of these areas is at the end of this document.

Appeals / Waiting Lists

Parents of pupil/students not offered a place at a BEST school will have the right of appeal to an independent Admissions Appeal Panel. Any child refused a place at any BEST school will be offered a place at another BEST school should there be a place available and / or will be placed on a waiting list which will be prioritised according to the admissions criteria. Waiting lists for the normal year of entry will be maintained until the end of the Autumn term.

In-Year Admissions

Requests for admission into other year groups should be made to BEST or to Central Bedfordshire Council's School Admissions Team. The standard In-Year application form for academies/schools in Central Bedfordshire is available from the Council or can be obtained from BEST to complete from info@bestacademies.org.uk

The following exceptions may result in the admission number for a school being exceeded:

1. The admission of pupils/students who have a Statement of Special Educational Needs which names the school, when that pupil/student has either been assessed or moved into the area outside the normal admissions round.
2. The admission of pupils/students in accordance with the Fair Access Protocol.
3. The admission of a looked after child (or a previously looked after child (as defined in the School Admissions Code) outside of the normal admissions round as a result of a direction by the local authority acting as a corporate parent.
4. The admission of a child in very exceptional circumstances in which the school and the Principal are in agreement that not to agree to admit the child would be perverse.
5. The admission of a twin or children from multiple births
6. The admission of service children

Admission of children outside their normal age group

Parents who want their child to transfer to the next phase of school outside their normal age group must make the request for it to be considered by Trustees. The request should be made to the Trustees of BEST.

The request should include the parent's reasons for the request, information regarding the child's academic, social and emotional development, including any supporting evidence the parent deems relevant and whether the child has previously been educated outside their normal age group. Once determined the decision will be communicated to the parent(s)/carer(s) in writing and will include the reasons for the decision.

Requests which have been granted must be followed up by a formal application using the appropriate paper CAF within the admission timetable. The application will be considered within the normal allocation process under the relevant admission criterion.

Delayed admission for summer born children

Parents/carers can also request that their summer born child is admitted to Reception in that year rather than to Year 1. However, parents/carers do not have the right to insist that their child is admitted to a particular age group, a decision will be made by the Trustees of BEST in consultation with the Principal.

Parents/carers of Summer born children should make their application for a school place on the Common Application Form (CAF) by 15th January if their child will be 4 years old by 31st August of that year. They should make clear in the form that they wish to defer entrance to school for a year. They should apply for both entrance to their child's normal age group (Year 1) and for entrance out of the year group (Reception).

In line with the School Admissions Code December 2014("the Code"), BEST will consider a request on the basis of the individual circumstances of the case and the best interests of the child and will also take account of the parents'/carers' view. A written request, sent together with the CAF should be made by the parents/carers for the attention of the Trustees of BEST and should include the parents'/carers' reasons for the request, information regarding the child's academic, social and emotional development including any supporting evidence the parent deems relevant; where relevant, their medical history and the views of a medical professional and if applicable,

details if the child was born prematurely including whether they would have been in a lower age group had they been born on their due date. Once determined, the decision will be communicated to the parent(s)/carer(s) in writing and will include the reasons for the decision.

Where the parents'/carers' request for a school place outside the normal age group is successful, the parents/carers can withdraw their application for a place within the normal age group. They will have to make a fresh application during the admissions round the following year. Where the request for a place outside the normal age group is unsuccessful, they may decide to continue with their application for a place within the normal age group or may withdraw it and make an in year application for admission to year one for the September following the child's fifth birthday.

As set out above, if a request is granted, the parent will need to make an application as part of next year's normal admission round and this will be processed within the normal allocation process. A place is never guaranteed at a particular school and in the case of oversubscription, places are offered in accordance with the school's oversubscription criteria. In short it would be delaying the application rather than an offer of a place.

*A summer born child is one born between 1 April to 31 August.
